## Adopt a Sea Turtle

The purchase of a sea turtle adoption helps to rehabilitate rescued sea turtles by supplying food and medicine to help them heal and return home. Adopt for yourself or give as a gift to someone you love. Adoptions are also great activities for school classrooms.

Adoptions made be made online at <https://www.seaturtlehospital.org/adopt.html> or by mail (checks only, no cash or credit cards) using the form on the reverse side. Mail your adoption form and check to:

## About Us

The mission of the Karen Beasley Sea Turtle Rescue and Rehabilitation Center is the conservation and preservation of all species of marine turtles, both in the water and on the beach. We accomplish this through the rescue, care, and release of sick and injured sea turtles, public education regarding the plight of sea turtles and the threat of their extinction, and learning opportunities for students of biology, wildlife conservation, and veterinary medicine from around the world. A nonprofit organization, we view our work as a privilege and are honored to work with these magnificent creatures.

This conservation work for protected sea turtles at the Karen Beasley Sea Turtle Rescue and Rehabilitation Center and on Topsail Island is authorized by the North Carolina Wildlife Resources Commission, ES Permit 21ST05.
